**June 30, 2025**  
**(Unaudited)**

**1. GENERAL**

GrowGeneration Corp. (together with its direct and indirect wholly-owned subsidiaries, collectively "GrowGeneration" or the "Company") was incorporated in Colorado in 2014. Since then, GrowGeneration has grown from a small chain of specialty retail hydroponic and organic garden centers to a multifaceted business with diverse assets. Today, GrowGeneration operates two major lines of business: its Cultivation and Gardening segment, composed of the Company's hydroponic and organic gardening business; and its Storage Solutions segment, composed of the Company's benching, racking, and storage solutions business.

As of June 30, 2025, GrowGeneration has 29 retail locations across 11 states in the U.S. The Company also operates an online superstore at [growgeneration.com](http://growgeneration.com), as well as a wholesale distribution business for resellers, and a benching, racking, and storage solutions business, Mobile Media or MMI.

Basis of Presentation

The accompanying interim unaudited Condensed Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the information and notes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2024 ("2024 Form 10-K"). There were no significant changes to the Company's significant accounting policies as disclosed in the 2024 Form 10-K. The results reported in these unaudited Condensed Consolidated Financial Statements are not necessarily indicative of results for the full fiscal year.

All amounts included in the accompanying notes to the Condensed Consolidated Financial Statements, except per share data, are in thousands (000).

Use of Estimates

The preparation of the Condensed Consolidated Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the Condensed Consolidated Financial Statements, and the reported revenues and expenses during the reporting period. Actual results could vary from the estimates that were used.

**2. RECENT ACCOUNTING PRONOUNCEMENTS**

From time to time, the Financial Accounting Standard Board ("FASB") or other standard setting bodies issue new accounting pronouncements. Updates to the FASB Accounting Standards Codification are communicated through the issuance of an Accounting Standards Update ("ASU"). The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements. In addition to the accounting pronouncements discussed below, no other new accounting pronouncement issued or effective during the fiscal year had or is expected to have a material effect on the Company's Condensed Consolidated Financial Statements or disclosures.

Recently Issued Accounting Pronouncements Not Yet Adopted

In December 2023, the FASB issued ASU No. 2023-09, *Income Taxes (Topic 740)—Improvements to income tax disclosures* ("ASU 2023-09"), expanding the disclosures requirement for income taxes primarily by requiring more detailed disclosure for income taxes paid and the effective tax rate reconciliation. ASU 2023-09 is effective for annual periods beginning after December 15, 2024. Early adoption is permitted, and adoption of ASU 2023-09 can be applied prospectively or retrospectively. The Company is currently evaluating the impact of this standard and will adopt this guidance in the fourth quarter of 2025 to provide additional disclosures as required.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2025**  
**(Unaudited)**

In November 2024, the FASB issued ASU No. 2024-03, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40)* ("ASU 2024-03"), which requires disclosure on an annual and interim basis of disaggregated information about certain income statement expense line items in the notes to the financial statements. ASU 2024-03 is effective for fiscal years beginning after December 15, 2026, and interim periods beginning after December 15, 2027. Early adoption is permitted, and adoption of ASU 2024-03 can be applied prospectively or retrospectively. The Company is currently evaluating the impact of this standard.

In July 2025, the FASB issued ASU No. 2025-05, *Financial Instruments—Credit Losses (Topic 326)—Measurement of Credit Losses for Accounts Receivable and Contract Assets* ("ASU 2025-05"), which provides a practical expedient to measure credit losses on accounts receivable and contract assets. ASU 2025-05 is effective for annual periods beginning after December 15, 2025. Early adoption of ASU 2025-05 is permitted and should be applied prospectively. The Company is currently evaluating the impact of this standard.

### 3. FAIR VALUE MEASUREMENTS

#### Fair Value Measurements

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs.

Financial assets and liabilities carried at fair value are to be classified and disclosed in one of the following three levels of the fair value hierarchy, of which the first two are considered observable and the last is considered unobservable:

- Level 1—Quoted prices in active markets for identical assets or liabilities.
- Level 2—Observable inputs (other than Level 1 quoted prices), such as quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data.
- Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to determining the fair value of the assets or liabilities, including pricing models, discounted cash flow methodologies, and similar techniques.

To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgement. Accordingly, the degree of judgement exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable, and all other current liabilities approximate fair values due to their short-term nature. The fair value of notes receivable approximates the outstanding balance net of reserves for expected credit loss. The marketable securities are classified as available-for-sale and are carried at fair value based on quoted market prices. Changes in fair value of marketable securities, principally derived from accretion of discounts, were \$0.2 million and \$0.4 million for the three and six months ended June 30, 2025, respectively, and \$0.3 million and \$0.7 million for the three and six months ended June 30, 2024, respectively. Changes in fair value of marketable securities are included in Interest income on the Condensed Consolidated Statements of Operations.

	Level	June 30, 2025	December 31, 2024
Cash equivalents	1	\$ 12,961	\$ 16,945
Marketable securities	2	\$ 25,399	\$ 28,984

**4. REVENUE RECOGNITION**

Disaggregation of Revenues

Net sales are disaggregated by the Company's segments, which represent its principal lines of business, as well as by major product line, including proprietary brands, non-proprietary brands, and commercial fixtures, and by product type, including consumable and durable products. Refer to Note 14, Segments, for disaggregated revenue disclosures.

Accounts Receivable and Contract Liabilities

Depending on the timing of when title of product transfers to a customer and when a customer makes payments for such product, the Company recognizes an accounts receivable or a customer deposit. The opening and closing balances of the Company's accounts receivables and customer deposits were as follows:

	<b>Accounts Receivable, Net</b>	<b>Customer Deposits</b>
Balance as of January 1, 2025	\$ 7,361	\$ 2,404
Balance as of June 30, 2025	10,425	2,448
Increase	<u>\$ 3,064</u>	<u>\$ 44</u>
Balance as of January 1, 2024	\$ 8,895	\$ 5,359
Balance as of June 30, 2024	9,663	3,007
Increase (decrease)	<u>\$ 768</u>	<u>\$ (2,352)</u>

Of the total amount of customer deposits as of January 1, 2025, \$0.5 million and \$1.6 million was reported as revenue during the three and six months ended June 30, 2025, respectively. Of the total amount of customer deposits as of January 1, 2024, \$1.1 million and \$4.0 million was reported as revenue during the three and six months ended June 30, 2024, respectively.

Notes receivable at June 30, 2025 and December 31, 2024 were as follows:

	<b>June 30, 2025</b>	<b>December 31, 2024</b>
Notes receivable	\$ 1,054	\$ 1,056
Allowance for credit losses	(145)	—
Notes receivable, net	<u>\$ 909</u>	<u>\$ 1,056</u>

During the six months ended June 30, 2024, the Company received a \$0.3 million settlement related to a \$1.5 million note receivable, which had been fully reserved as of December 31, 2023. Refer to Note 13, Commitments and Contingencies, for additional information regarding the settlement.

Accumulated depreciation and amortization	(25,236)	(30,813)
Property and equipment, net	<u>\$ 11,948</u>	<u>\$ 15,493</u>

Depreciation and amortization expense related to property and equipment was \$1.2 million and \$3.2 million for the three and six months ended June 30, 2025, respectively, and \$1.9 million and \$4.0 million for the three and six months ended June 30, 2024, respectively. In conjunction with the Company's restructuring activities as discussed in Note 15, Restructuring, the Company retired certain capitalized software assets during the six months ended June 30, 2025. Refer to Note 15, Restructuring, for additional information on the restructuring activities.

**6. GOODWILL AND INTANGIBLE ASSETS**

The carrying value of goodwill by segment was as follows:

	Cultivation and Gardening	Storage Solutions	Total
Balance as of December 31, 2024	\$ —	\$ 1,605	\$ 1,605
Balance as of June 30, 2025	\$ —	\$ 1,605	\$ 1,605

Accumulated impairment for goodwill related entirely to the Cultivation and Gardening segment and totaled \$31.9 million as of June 30, 2025 and December 31, 2024.

The changes in intangible assets by segment for the six months ended June 30, 2025 were as follows:

	Cultivation and Gardening	Storage Solutions	Total

On June 6, 2025, the Company purchased substantially all of the assets of Hydro Generation Inc. (referred to as "Viagrow"), a domestic supplier of gardening and hydroponic equipment. The acquisition related intangible assets in the preceding table represent the preliminary estimates of the fair values of identified intangible assets. As of June 30, 2025, the Company has not finalized its preliminary purchase price allocation. Refer to Note 12, Acquisitions, for additional information regarding the Viagrow acquisition.

Intangible assets on the Condensed Consolidated Balance Sheets consisted of the following:

## 7. INCOME TAXES

For the six months ended June 30, 2025 and 2024, the effective tax rate was 0.0% and 0.6%, respectively. The effective tax rate for each of the six months ended June 30, 2025 and 2024 was lower than the U.S. federal statutory rate of 21.0% primarily due to the Company's valuation allowance against deferred tax assets. As of June 30, 2025, the Company concluded that its deferred tax assets are not expected to be realizable, based on positive and negative evidence, therefore it has assigned a full valuation allowance against them.

On July 4, 2025, the "One Big Beautiful Bill Act", or "OBBBA", was signed into law, making several provisions of the Tax Cuts and Jobs Act permanent. Under Accounting Standards Codification Topic 740, *Income Taxes*, the effects of changes in tax laws must be recognized in the period of enactment. The Company is currently evaluating the potential impact of OBBBA, but based on a preliminary assessment, the provisions of the new law are not expected to have a material impact on the Company's consolidated financial statements. No adjustments have been made to the financial statements as of June 30, 2025 as a result of the OBBBA.

**9. EARNINGS PER SHARE**

The following table sets forth the composition of the weighted average shares (denominator) used in the basic and diluted loss per share computation for the three months ended June 30, 2025 and 2024:

	<b>Three Months Ended June 30,</b>		<b>Six Months Ended June 30,</b>	
	<b>2025</b>	<b>2024</b>	<b>2025</b>	<b>2024</b>

Effect of dilutive outstanding restricted stock units and stock options	—	—	—	—
Adjusted weighted average shares outstanding, diluted	59,552	60,681	59,497	61,090
Basic loss per share	\$ (0.08)	\$ (0.10)	\$ (0.24)	\$ (0.24)
Diluted loss per share	\$ (0.08)	\$ (0.10)	\$ (0.24)	\$ (0.24)

Diluted loss per share calculations for each of the three and six months ended June 30, 2025 excluded 1.4 million non-vested restricted stock units. In addition, for the three and six months ended June 30, 2025, 7 thousand and 12 thousand shares of common stock issuable upon exercise of stock options were excluded that would have been anti-dilutive, respectively. Diluted loss per share calculations for each of the three and six months ended June 30, 2024 excluded 0.9 million non-vested restricted stock units, and 0.5 million shares of common stock issuable upon exercise of stock options that would have been anti-dilutive.

**10. SHARE-BASED PAYMENTS**

The Company maintains a long-term incentive plan, the Second Amended and Restated 2018 Equity Incentive Plan (the "2018 Equity Incentive Plan", for employees, non-employee members of its Board of Directors (the "Board"), and consultants. The 2018 Equity Incentive Plan allows the Company to grant equity-based compensation awards, including stock options, stock appreciation rights, performance share units, restricted stock units, restricted stock awards, common stock warrants, or a combination of awards (collectively, "share-based awards").

The Company accounts for share-based payments through the measurement and recognition of compensation expense for share-based awards made to employees, non-employee members of the Board, and consultants of the Company, including stock options and restricted stock units. The Company recorded share-based compensation expense of \$0.3 million and \$0.8 million in the three and six months ended June 30, 2025, respectively, and \$0.7 million and \$1.4 million in the three and six months ended June 30, 2024, respectively.

Restricted Stock Units

The Company issues restricted stock units to eligible employees, which are subject to forfeiture until the end of an applicable vesting period. The awards generally vest annually or biannually over three to five years following the date of grant, subject to the employee's continuing employment as of that date. Restricted stock units are valued using the market value on the grant date.

Restricted stock unit activity for the six months ended June 30, 2025 is presented in the following table:

	<b>Units</b>	<b>Weighted Average Grant Date Fair Value</b>
Nonvested as of December 31, 2024	1,403	\$ 2.57
Granted	375	\$ 1.27
Vested	(368)	\$ 2.72
Forfeited	(101)	\$ 2.34
Nonvested as of June 30, 2025	1,309	\$ 2.17

**GROWGENERATION CORP. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2025**  
**(Unaudited)**

As of June 30, 2025, the Company had approximately \$2.4 million of unrecognized share-based compensation related to restricted stock units, which is expected to be recognized over a weighted average period of approximately 2.4 years. During the six months ended June 30, 2024, 165 thousand restricted stock units were granted at a weighted average grant date fair value of \$2.79.

Performance Stock Units

During the six months ended June 30, 2025, the Board granted 90 thousand short-term, performance stock units with a weighted average grant date fair value of \$0.91 to its named executive officers under the 2018 Equity Incentive Plan. The number of shares issuable as a result of the performance stock units vesting ranges from 0% and 125% and is determined based on Company-specific net sales targets to be achieved for fiscal year 2025 as well as service conditions.

Although no awards vest until the Company attains the performance conditions described above, compensation will be recorded based on an assessment of the probability of meeting the performance conditions. During the six months ended June 30, 2025, the Company concluded that the probability of attaining the performance conditions under the awards to be remote. Therefore, no expense was recognized related to the performance stock units. If the performance conditions are probable of being achieved, the Company will begin recognizing the associated non-cash, share-based compensation expense.

Stock Options

Stock option activity for the six months ended June 30, 2025 is presented in the following table:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (Years)	Weighted Average Grant Date Fair Value
Outstanding as of December 31, 2024	16	\$ 4.63	0.36	\$ 2.56

**11. STOCKHOLDERS' EQUITY**

On March 20, 2024, the Board authorized a share repurchase program, whereby the Company could repurchase up to \$6.0 million worth of its common stock in open market transactions pursuant to Rule 10b-18 of the Exchange Act and a 10b5-1 trading plan. The program began on April 1, 2024 and as of December 31, 2024, the Company completed all purchases available under the stock repurchase program. This share repurchase program was intended to enhance long-term shareholder value. The program did not obligate the Company to acquire any specific number of shares or to acquire any shares over any specific period of time. The timing and amount of any repurchases was dependent upon factors such as the stock price, trading volumes, market conditions, and regulatory requirements. The stock repurchase program could be amended, suspended, or discontinued at any time by the Company.

During the three and six months ended June 30, 2024, the Company repurchased 1.7 million shares of common stock at an average price of \$2.39 per share, exclusive of incremental direct costs. The Company recognized the common stock repurchased as treasury stock at the amount paid to repurchase its shares, including the incremental direct costs to repurchase the common stock, as a reduction to stockholders' equity on the Condensed Consolidated Balance Sheets.

The Company retired 0.8 million shares of treasury stock under the repurchase program in the three and six months ended June 30, 2024. The retirement of treasury stock was recognized as a deduction from common stock for the shares' par value and any excess cost over par value was recognized as a deduction from retained earnings. Treasury stock is retired on a first in, first out basis. The Company retired all shares of treasury stock acquired under the share repurchase program during the year ended December 31, 2024. The shares were returned to the status of authorized but unissued shares.

**12. ACQUISITIONS**

On June 6, 2025, the Company purchased substantially all of the assets of Viagrow, a domestic supplier of gardening and hydroponic equipment. The acquisition further diversifies the Company's home gardening and hydroponic gardening proprietary brand product offerings as well as expands the Company's outreach to significant new customers through relationships with major home improvement mass-market retailers and e-commerce platforms.

The total consideration for the purchase of Viagrow was \$1.2 million including cash paid and common stock issued on the date of acquisition, with certain additional amounts to be paid in future periods. The preliminary estimated purchase price includes deferred equity consideration to be issued upon settling any discrepancies of net assets acquired, and contingent consideration to be paid in cash over three years, dependent on the achievement of certain performance goals.

As of June 30, 2025, the Company has not finalized its preliminary purchase price allocation. The preliminary purchase price allocation may be adjusted as a result of the finalization of the purchase price allocation procedures related to the assets acquired and liabilities assumed. Measurement period adjustments are recognized in the reporting period in which adjustments are determined and calculated as if the accounting had been completed at the acquisition date. The final fair value determination of the assets acquired and liabilities assumed will be completed prior to one year from the transaction completion.

The table below details the consideration paid, and the preliminary estimated allocation of the purchase price to the acquired net assets during the six months ended June 30, 2025.

### **13. COMMITMENTS AND CONTINGENCIES**

#### Legal Matters

From time to time, the Company has been, and may again become involved in legal proceedings arising in the ordinary course of its business, including the initiation and defense of proceedings related to contract and employment disputes. It is the Company's opinion that these claims individually and in the aggregate are not expected to have a material adverse effect on its financial condition, results of operations or cash flows.

In December 2021, the Company was sued in the U.S. District Court for the Southern District of Texas related to a Promissory Note & Asset Acquisition Rights Option ("Note & Option") with TGC Systems, LLC ("Total Grow"). The case was dismissed and the parties submitted the matter to arbitration pursuant to the arbitration clause of the Note & Option. Among other claims, Total Grow alleged that the Company was liable to Total Grow for failing to consummate the acquisition of Total Grow by the Company. The Company asserted counterclaims for repayment of \$1.5 million in principal loaned by the Company to Total Grow pursuant to the Note & Option, plus interest and certain costs. In July 2023, the arbitrator rendered an arbitration award denying all of Total Grow's claims and defenses and awarding the Company more than \$2.0 million in total, consisting of principal, interest, and certain costs. Total Grow voluntarily filed for bankruptcy in October 2023. In February 2024, the Company received \$0.3 million from the bankruptcy proceedings, which it recorded as a recovery on the \$1.5 million Note & Option. The remainder of the Note & Option, which were fully reserved, were written off during the six months ended June 30, 2024.

There can be no assurance that future developments related to pending claims or claims filed in the future, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material effect on the Company's financial condition, results of operations or cash flows. The Company believes that its assessment of contingencies is reasonable and that the related accruals, in the aggregate, are adequate; however, there can be no assurance that the final resolution of these matters will not have a material effect on the Company's financial condition, results of operations or cash flows.

#### Indemnifications

In the ordinary course of its business, the Company makes certain indemnities under which it may be required to make payments in relation to certain transactions. As of June 30, 2025, the Company did not have any liabilities associated with indemnities.

**GROWGENERATION CORP. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

In addition, the Company, as permitted under Colorado law and in accordance with its amended and restated certificate of incorporation and amended and restated bylaws, in each case, as amended to date, indemnifies its officers and directors for certain events or occurrences, subject to certain limits, while the officer or director is or was serving at the Company's request in such capacity. The duration of these indemnifications varies. The Company has a director and officer insurance policy that may enable it to recover a portion of any future amounts paid. The Company accrues for losses for any known contingent liability, including those that may arise from indemnification provisions, when future payment is probable. No such losses have been recorded to date.

#### 14. SEGMENTS

The Company has two operating segments, each its own reportable segment, based on its major lines of business: the Cultivation and Gardening segment, composed of the Company's hydroponic and organic gardening business; and the Storage Solutions segment, composed of the Company's benching, racking, and storage solutions business.

In addition to sales by operating segment, which represent the Company's principal lines of business, the chief operating decision maker ("CODM") evaluates the Company's operations by regularly reviewing sales by major product line, including proprietary brands, non-proprietary brands, and commercial fixtures, and by product type, including consumable and durable products. Profit measures are evaluated for each reportable segment based on income from operations with identifiable expenses allocated to each reporting unit from which the expense line item was derived.

The CODM compares actual results to prior year and current year budgeted income statements to identify areas for improvement and make capital allocation decisions. The CODM uses gross profit measures to evaluate pricing decisions and product mix, also reviewing proprietary brand versus non-proprietary brand sales to assess the Company's progress with key performance initiatives. The Company's CODM is the chief executive officer.

Disaggregated revenue by segment is presented in the following tables:

**15. RESTRUCTURING**

On July 22, 2024, the Company announced a strategic restructuring plan focused on long-term profitability and advancing growth initiatives in key areas of its Cultivation and Gardening segment such as its proprietary brands, commercial sales, and e-commerce business. The restructuring plan primarily included reductions in cost structure by closing and consolidating 12 redundant or underperforming retail locations, workforce reductions, and other operational improvements in inventory management, sales and marketing, and administrative activities.

The Company's restructuring and restructuring-related charges consisted of inventory disposal costs, retail location closure costs including related contract termination costs and fixed asset disposals, employee termination benefits, asset impairments including the impairment of operating lease right-of-use assets, and other associated costs.

The Company substantially completed its restructuring activities as of March 31, 2025. Overall, the Company incurred aggregate restructuring and restructuring-related costs of \$3.5 million, of which \$1.1 million were incurred during the six months ended June 30, 2025 and are presented on the Condensed Consolidated Statements of Operations in the following table. The Company does not expect to incur significant additional restructuring and restructuring-related costs in future periods.

In conjunction with the Company's restructuring activities related to operational and administrative improvements, the Company reassessed and shortened the estimated useful life of certain capitalized software assets. These capitalized software assets became fully amortized and were retired during the six months ended June 30, 2025. Additionally, certain facilities costs or contract termination costs related to closed retail locations for which the Company is pursuing sublease arrangements or lease terminations may be paid over the remaining terms which extend through 2032.

The liabilities associated with restructuring costs were included in Accrued liabilities and Payroll and payroll tax liabilities on the Condensed Consolidated Balance Sheets. Activities related to liabilities incurred under the restructuring plan were as follows:

### BUSINESS OVERVIEW AND RECENT DEVELOPMENTS

GrowGeneration Corp. (together with all of its direct and indirect wholly owned subsidiaries, collectively "GrowGeneration" or the "Company") was incorporated in Colorado in 2014. Since then, GrowGeneration has grown from a small chain of specialty retail hydroponic and organic garden centers to a multifaceted business with diverse assets. Today, GrowGeneration operates two major lines of business: our Cultivation and Gardening segment, composed of our hydroponic and organic gardening business; and our Storage Solutions segment, composed of our benching, racking, and storage solutions business.

The United States has recently announced changes to U.S. trade policy, including increasing tariffs on imports, in some cases significantly, and potentially negotiating or terminating existing trade agreements. For example, on April 2, 2025, the United States announced a new universal baseline tariff of 10%, plus an additional country-specific tariff for select trading partners, on all U.S. imports. These actions, and retaliatory tariffs imposed by other countries on U.S. exports, have led to significant volatility and uncertainty in global markets. Given the uncertainty regarding the scope and duration of current and potential tariffs, trade policies, and other non-tariff trade practices and policies, the specific impact on our business and results of operations is uncertain but could result in increased costs for our products. We are actively monitoring these developments and exploring strategies to mitigate these risks and potential negative effects on our business and results from operations, including negotiating with suppliers, adjusting our pricing strategies, moving our supply chain away from countries with higher tariffs in favor of other jurisdictions, and seeking tariff exemptions where possible.

On June 6, 2025, we purchased substantially all of the assets of Hydro Generation Inc. (referred to as "Viagrow"), a domestic supplier of gardening and hydroponic equipment. The acquisition further diversifies our home gardening and hydroponic gardening proprietary brand product offerings as well as expands our outreach to significant new customers through relationships with major home improvement mass-market retailers and e-commerce platforms. Refer to Note 12, Acquisitions, of our Notes to Unaudited Condensed Consolidated Financial Statements in this report for additional information regarding the Viagrow acquisition.

## MARKETS AND BUSINESS SEGMENTS

We have two operating segments, each its own reportable segment, based on our major lines of business: the Cultivation and Gardening segment and the Storage Solutions segment. We recognize specifically identifiable operating costs such as cost of sales, distribution expenses, and store operations and other operational expenses within each segment. Selling, general, and administrative expenses, such as administrative and management expenses, salaries, and benefits, share-based compensation, director fees, legal expenses, accounting and consulting expenses, and technology costs, are not allocated to specific segments and are reflected in the enterprise results.

### Cultivation and Gardening Segment

We are a leading developer, marketer, retailer, and distributor of products for both indoor and outdoor hydroponic and organic gardening. Our main business strategy within the hydroponic and organic gardening sector has been to consolidate assets within the fragmented hydroponics industry to leverage efficiencies of a centralized organization.

We sell a variety of hydroponic and organic gardening related products, including nutrients, additives, growing media, lighting, environmental control systems, and other products for indoor and outdoor cultivation. Our products include proprietary brands such as Charcoir, Drip Hydro, Power Si, Ion lights, The Harvest Company, Viagrow, and more, the development and expansion of which are a key component of the Company's growth strategy. Our target customers include commercial, craft, and home growers in the plant-based medicine market, as well as commercial and home gardeners who grow organic herbs, fruits, and vegetables. Additionally, through our wholesale division, we distribute many of our proprietary products to customers that are wholesalers, resellers, major home improvement mass-market retailers, and retailers in the specialty retail hydroponic and organic gardening industry.

We make our products available to growers through a variety of channels, including our hydroponic retail locations, a commercial sales division that provides white glove service to commercial cultivators, a wholesale division that markets to mass-market and independent resellers in both the hydroponic and traditional gardening markets, and an online platform at [growgeneration.com](http://growgeneration.com), which includes a B2B customer portal for commercial and wholesale customers. Management believes that the Company has the largest chain of specialty retail hydroponic and organic garden centers in the U.S., with 29 retail locations across 11 states as of June 30, 2025. We closed two retail locations during the three and six months ending June 30, 2025. We continue to evaluate our retail geographic footprint for redundancies in our fixed cost structure and for opportunities to serve our customers through other retail locations and our online platforms.

### Storage Solutions Segment

Our Storage Solutions business, branded as "Mobile Media" or "MMI," provides customized storage solutions designed to enhance profitability, productivity, and efficiency for our customers by allowing them to save space and increase storage capacity. We cater to diverse markets with our products and services, including agriculture, retail, warehousing, office and administrative, food service, hospitality, golf and country clubs, and more. Our products include high-density mobile storage systems, static shelving, and other accessories such as desks, lockers, safes, and secured storage, offering a solution for every storage need. MMI also offers a wide variety of services, including site surveys, floor plan designs, capacity analysis, seismic calculations, permitting, and installation, in order to provide a comprehensive, turnkey solution for customers. Based in the Hudson Valley, New York, the MMI team has decades of experience successfully completing projects throughout the U.S., Canada, and Mexico.

Our target customers generally include small, mid-size, and large businesses seeking vertical space-saving solutions that are custom tailored to their space and brand in an effort to maximize storage capacity or gain space in their real estate footprint. Many of our customers are involved in the construction and design industries and include retailers, general contractors, and architects involved in new constructions and remodels for retail stores and fulfillment centers. Our customer base also includes the golf industry, specifically country clubs needing to store more club bags and optimize their existing space, as well as controlled environment agriculture (CEA) operators that cultivate indoors with vertical or rolling benching and racking.

## Strategic Restructuring Plan

In July 2024, we announced a strategic restructuring plan focused on long-term profitability and advancing growth initiatives in key areas of our Cultivation and Gardening segment such as our proprietary brands, commercial sales, and e-commerce business. The restructuring plan primarily included product development costs, digital transformation initiatives, reductions in cost structure by closing and consolidating 12 redundant or underperforming retail locations, in addition to the 7 retail locations closed in the first half of 2024, workforce reductions, and other operational improvements in inventory management, sales and marketing, and administrative activities.

As of March 31, 2025, we have substantially completed our restructuring activities and do not expect to incur significant additional restructuring and restructuring-related costs in future periods. Overall, we incurred a total of approximately \$3.5 million in restructuring and restructuring-related costs, including \$1.1 million during the six months ended June 30, 2025 and \$2.4 million previously incurred in fiscal year 2024. As a result of these restructuring activities, we expect improvement in our gross profit margin and profitability while generating annualized cost savings of approximately \$12.0 million.

Our restructuring and restructuring-related charges consisted of inventory disposal costs, retail location closure costs including related contract termination costs and fixed asset disposals, employee termination benefits, asset impairments including the impairment of operating lease right-of-use assets, and other associated costs. Restructuring and restructuring-related costs incurred during the six months ended June 30, 2025 were presented on the Condensed Consolidated Statements of Operations as follows:

	<b>Restructuring</b>
Cultivation and Gardening segment:	
Store operations and other operational expenses <sup>(1)</sup>	765
Segment operating loss	(765)
Corporate expenses:	
Selling, general, and administrative <sup>(2)</sup>	376
Total restructuring and restructuring-related charges	<u>\$ (1,141)</u>

<sup>(1)</sup> Costs consist primarily of property and equipment disposals and lease contract termination costs for previously closed retail locations

<sup>(2)</sup> Costs consist of corporate operational and administrative contract terminations

In conjunction with our restructuring activities to support operational and administrative improvements, we reassessed and shortened the estimated useful life of certain capitalized software assets. These capitalized software assets became fully amortized and were retired during the six months ended June 30, 2025.

As of June 30, 2025, there was no outstanding restructuring liability. However, certain facilities costs or contract termination costs related to closed retail locations for which we are pursuing sublease arrangements or lease terminations may be paid over the remaining terms which extend through 2032.

Refer to Note 15, Restructuring, of our Notes to Unaudited Condensed Consolidated Financial Statements in this report for additional information regarding restructuring activities.

## GROWTH STRATEGIES

Our main growth strategy has been to consolidate assets within the fragmented hydroponics industry to leverage efficiencies of a centralized organization. As a result, we have built a business that is driven by a wide selection of products, a strong portfolio of proprietary brands, a solutions-driven staff located in strategic markets around the country, and pick, pack, ship distribution and fulfillment capabilities.

Since our founding in 2014, we have acquired or opened numerous specialty hydroponic and organic gardening center locations. Management believes that GrowGeneration has the largest chain of specialty retail hydroponic and organic garden centers in the U.S., with 29 retail locations across 11 states as of June 30, 2025. We have also acquired several other types of businesses within or complimentary to the hydroponic industry, such as online retailers, proprietary products, our wholesale distribution business, and our benching, racking, and storage solutions business, MMI. We regularly seek and evaluate accretive acquisition opportunities with similar or complimentary businesses to those businesses it already operates, such as the Viagrow acquisition, which further diversifies our home gardening and hydroponic gardening proprietary brand product offerings as well as expands our outreach to significant new customers through relationships with major home improvement mass-market retailers and e-commerce platforms.

Our main growth strategies for the Storage Solutions segment include expanding the types of customers and industries to which we sell our Storage Solutions products, including greater penetration in controlled environment agriculture, industrial and country club verticals.

## **COMPONENTS OF RESULTS OF OPERATIONS**

### **Net Sales**

We primarily generate net sales from the selling and distribution of proprietary and non-proprietary brand hydroponic and organic gardening products. In addition to our hydroponic and organic gardening product sales, we sell and install commercial fixtures through our benching, racking, and storage solutions business. Net sales reflect the amount of consideration that we expect to receive, which is derived from a list price reduced by variable consideration, including applicable sales discounts and estimated expected sales returns.

These sales vary by the type of product: consumables, such as nutrients, additives, growing media, and supplies that are subject to regular replenishment; and durables, such as lighting, environmental control systems, and storage solutions. Generally, in new markets where legalization of plant-based medicines is recent and licensors are starting new grow operations, there is an initial increase of durable product purchases for facility build-outs, which decrease over time as growers establish their operations. Thereafter, we tend to observe cultivators focus their purchasing patterns to consumables as the primary source of product need. In more mature markets, the sales patterns tend to favor higher percentages of consumable purchasing in comparison to emerging markets.

### **Cost of Sales**

Cost of sales includes cost of goods and shipping costs. Cost of goods consists of cost of merchandise, inbound freight, and other inventory-related costs, such as shrinkage costs and lower of cost or market adjustments. Occupancy expenses of our retail locations and distribution centers, which consist of payroll, rent, and other lease required costs, including common area maintenance and utilities, are included as a component of operating expenses within Store operations and other operational expenses in the Condensed Consolidated Statements of Operations.

### **Gross Profit**

We calculate gross profit as net sales less cost of sales. Gross profit excludes depreciation and amortization, which are presented separately as a component of operating expenses in the Condensed Consolidated Statements of Operations. Our gross profit as a percentage of net sales, or gross profit margin, varies with our product mix, in particular the percentage of sales of proprietary brand products compared to non-proprietary brand products and of consumable products compared to durable products. Proprietary products typically have higher gross margins compared to non-proprietary products, and consumable products typically have higher gross margins compared to durable products.

### **Operating Expenses**

Operating expenses are comprised of the following components: store operations and other operational expenses; selling, general, and administrative; estimated credit losses; depreciation and amortization; and impairment losses. Store operations and other operational expenses consist primarily of payroll, rent and utilities, and allocated corporate overhead costs. Selling, general, and administrative expenses consist of corporate salaries, stock-based compensation, advertising and promotions, travel and entertainment, professional fees, insurance, and other corporate administrative costs. Selling, general, and administrative expenses as a percentage of net sales typically does not increase commensurate with an increase in net sales. Our largest expenses are generally related to employee compensation and leases, which are primarily fixed and not variable. Our advertising and marketing expenses are largely controllable and variable depending on the particular market.

## RESULTS OF OPERATIONS

### Comparison of the Unaudited Results for the Three Months Ended June 30, 2025 and 2024

The following table presents, for the periods indicated, selected information from our unaudited Condensed Consolidated financial results, including information presented as a percentage of net sales:

	Three Months Ended June 30,				Year-to-Year Variance	
	2025		2024			
Net sales	\$ 40,963	100.0 %	\$ 53,536	100.0 %	\$ (12,573)	(23.5)%
Cost of sales	29,369	71.7 %	39,115	73.1 %	(9,746)	(24.9)%

Net loss	\$ (4,811)	(11.7)%	\$ (5,896)	(11.0)%	\$ 1,085	18.4 %

#### Net Sales

Net sales for the three months ended June 30, 2025 were \$41.0 million, a decrease of \$12.6 million or 23.5% as compared to net sales of \$53.5 million for the three months ended June 30, 2024.

The decrease in net sales was primarily related to our Cultivation and Gardening segment, which had net sales of \$32.9 million for the three months ended June 30, 2025 compared to \$46.1 million for the three months ended June 30, 2024. This decrease in net sales was primarily due to the closure of 19 retail locations during 2024, which included the 12 redundant or underperforming retail locations consolidated in the second half of 2024 in conjunction with the restructuring plan. Additionally, the decreased net sales for Cultivation and Gardening related to slowness in durable product sales, as well as recent declines in consumer confidence related to uncertainty surrounding the impact of potential tariffs. Proprietary brand sales as a percentage of Cultivation and Gardening net sales for the three months ended June 30, 2025 increased to 32.0% as compared to 21.5% for the three months ended June 30, 2024, largely driven by our strategic initiatives to increase sales mix of our expanded portfolio of proprietary brands and various product launches. The percentage of Cultivation and Gardening net sales related to consumable products for the three months ended June 30, 2025 was 78.0%, an increase from 73.0% for the three months ended June 30, 2024, which was mainly driven by increased brand adoption of proprietary growing media and nutrient products and slowness in durable product sales.

Net sales of commercial fixtures within our Storage Solutions segment increased to \$8.1 million for the three months ended June 30, 2025 compared to \$7.4 million for the three months ended June 30, 2024.

#### Cost of Sales

Cost of sales for the three months ended June 30, 2025 was \$29.4 million, a decrease of \$9.7 million or 24.9% compared to \$39.1 million for the three months ended June 30, 2024. The decrease in cost of sales largely corresponds to the 23.5% decrease in net sales, as previously discussed.

#### Gross Profit

Gross profit was \$11.6 million for the three months ended June 30, 2025 compared to \$14.4 million for the three months ended June 30, 2024, a decrease of \$2.8 million or 19.6%. The decrease in gross profit was primarily related to the Cultivation and Gardening segment, which decreased \$2.8 million, or 25.3%, for the three months ended June 30, 2025 as compared to the three months ended June 30, 2024, largely as a result of the decrease in sales volume due to store consolidations and the effects of the strategic restructuring plan. Additionally, gross profit from our Storage Solutions segment remained relatively flat at \$3.4 million and \$3.5 million in the three months ended June 30, 2025 and 2024, respectively.

Gross profit margin was 28.3% for the three months ended June 30, 2025, an increase of 140 basis points from a gross profit margin of 26.9% for the three months ended June 30, 2024. The increase in gross profit margin was largely driven by the Cultivation and Gardening segment, which had a gross profit margin of 24.8% for the three months ended June 30, 2025 as compared to 23.7% for the three months ended June 30, 2024, primarily driven by our strategic initiatives to increase sales mix of our expanded portfolio of proprietary brands. The Storage Solutions gross profit margin decreased to 42.3% in the three months ended June 30, 2025 from 46.9% in three months ended June 30, 2024 due to industry pricing compression for the Storage Solutions segment.

### *Operating Expenses*

Operating expenses are comprised of store operations and other operational expenses, selling, general, and administrative, estimated credit losses, and depreciation and amortization. Operating expenses were \$16.9 million for the three months ended June 30, 2025 and \$20.9 million in the three months ended June 30, 2024, a decrease of \$4.1 million or 19.4%.

Store operating costs and other operational expenses, which consisted primarily of payroll, rent and utilities, and allocated corporate overhead costs, were \$7.9 million for the three months ended June 30, 2025 compared to \$10.2 million for the three months ended June 30, 2024, a decrease of \$2.3 million or 22.9%. The decrease in store operating costs was primarily due to the 19 retail locations closed during 2024, including the 12 redundant or underperforming retail locations consolidated in the second half of 2024 in conjunction with the restructuring plan.

Total corporate overhead, which is comprised of selling, general, and administrative expense, estimated credit losses, and depreciation and amortization expense, was \$9.0 million for the three months ended June 30, 2025 compared to \$10.7 million for the three months ended June 30, 2024. Selling, general, and administrative costs decreased by \$1.0 million or 13.4% for the three months ended June 30, 2025 primarily as a result of decreased employee costs, share-based compensation, corporate expenses, and professional fees. Additionally, depreciation and amortization costs decreased by \$0.9 million or 25.7% for the three months ended June 30, 2025, primarily as a result of asset retirements in conjunction with the restructuring plan.

### *Other Income*

Other income was \$0.5 million for the three months ended June 30, 2025 compared to \$0.7 million for the three months ended June 30, 2024, a decrease of \$0.3 million or 35.1%. The decrease in other income was primarily attributable to decreased investment income on our marketable securities.

### **Comparison of the Unaudited Results for the Six Months Ended June 30, 2025 and 2024**

The following table presents, for the periods indicated, selected information from our unaudited Condensed Consolidated financial results, including information presented as a percentage of net sales:

	Six Months Ended June 30,				Year-to-Year Variance	
	2025		2024			
Net sales	\$ 76,666	100.0 %	\$ 101,424	100.0 %	\$ (24,758)	(24.4)%

Net loss	\$ (14,188)	(18.5)%	\$ (14,733)	(14.5)%	\$ 545	3.7 %

### *Net Sales*

Net sales for the six months ended June 30, 2025 were \$76.7 million, a decrease of \$24.8 million or 24.4% as compared to net sales of \$101.4 million for the six months ended June 30, 2024.

The decrease in net sales was primarily related to our Cultivation and Gardening segment, which had net sales of \$63.8 million for the six months ended June 30, 2025 compared to \$89.2 million for the six months ended June 30, 2024. This decrease in net sales was primarily due to the closure of 19 retail locations during 2024, which included the 12 redundant or underperforming retail locations consolidated in the second half of 2024 in conjunction with the restructuring plan. Additionally, the decreased net sales for Cultivation and Gardening related to slowness in durable product sales, as well as recent declines in consumer confidence related to uncertainty surrounding the impact of potential tariffs. Proprietary brand sales as a percentage of Cultivation and Gardening net sales for the six months ended June 30, 2025 increased to 32.0% as compared to 22.0% for the six months ended June 30, 2024, largely driven by our strategic initiatives to increase sales mix of our expanded portfolio of proprietary brands and various product launches. The percentage of Cultivation and Gardening net sales related to consumable products for the six months ended June 30, 2025 was 76.3%, an increase from 71.6% for the six months ended June 30, 2024, which was mainly driven by increased brand adoption of proprietary growing media and nutrient products and slowness in durable product sales.

Net sales of commercial fixtures within our Storage Solutions segment increased to \$12.9 million for the six months ended June 30, 2025 compared to \$12.2 million for the six months ended June 30, 2024.

#### ***Cost of Sales***

Cost of sales for the six months ended June 30, 2025 was \$55.4 million, a decrease of \$19.3 million or 25.8% compared to \$74.6 million for the six months ended June 30, 2024. The decrease in cost of sales largely corresponds to the 24.4% decrease in net sales, as previously discussed.

#### ***Gross Profit***

Gross profit was \$21.3 million for the six months ended June 30, 2025 compared to \$26.8 million for the six months ended June 30, 2024, a decrease of \$5.5 million or 20.5%. The decrease in gross profit was primarily related to the Cultivation and Gardening segment, which decreased \$5.2 million, or 24.4%, for the six months ended June 30, 2025 as compared to the six months ended June 30, 2024, largely as a result of the decrease in sales volume due to store consolidations and the effects of the strategic restructuring plan. Additionally, gross profit from our Storage Solutions segment decreased \$0.3 million, or 5.3%, in the six months ended June 30, 2025 compared to the six months ended June 30, 2024 primarily due to industry pricing compression for the Storage Solutions segment.

Gross profit margin was 27.8% for the six months ended June 30, 2025, an increase of 140 basis points from a gross profit margin of 26.4% for the six months ended June 30, 2024. The increase in gross profit margin was largely driven by the Cultivation and Gardening segment, which had a gross profit margin of 25.2% for the six months ended June 30, 2025 as compared to 23.8% for the six months ended June 30, 2024, primarily driven by our strategic initiatives to increase sales mix of our expanded portfolio of proprietary brands. The Storage Solutions gross profit margin decreased to 40.6% in the six months ended June 30, 2025 from 45.3% in six months ended June 30, 2024 due to industry pricing compression for the Storage Solutions segment.

#### ***Operating Expenses***

Operating expenses are comprised of store operations and other operational expenses, selling, general, and administrative, estimated credit losses, and depreciation and amortization. Operating expenses were \$36.4 million for the six months ended June 30, 2025 and \$42.7 million in the six months ended June 30, 2024, a decrease of \$6.3 million or 14.7%.

Store operating costs and other operational expenses, which consisted primarily of payroll, rent and utilities, and allocated corporate overhead costs, were \$16.7 million for the six months ended June 30, 2025, compared to \$20.8 million for the six months ended June 30, 2024, a decrease of \$4.2 million or 20.1%. The decrease in store operating costs was primarily due to the 19 retail locations closed during 2024, including the 12 redundant or underperforming retail locations consolidated in the second half of 2024 in conjunction with the restructuring plan. This decrease was partially offset by the additional \$0.8 million of restructuring costs incurred in the six months ended June 30, 2025 related to fixed asset disposals and lease contract terminations costs for previously closed retail locations.

Total corporate overhead, which is comprised of selling, general, and administrative expense, estimated credit losses, and depreciation and amortization expense, was \$19.8 million for the six months ended June 30, 2025, compared to \$21.9 million for the six months ended June 30, 2024. Selling, general, and administrative costs decreased by \$1.7 million or 11.7% for the six months ended June 30, 2025 primarily as a result of decreased employee costs, share-based compensation and professional fees. This decrease in selling, general, and administrative expense was partially offset by a net \$0.7 million increase in estimated credit losses in the six months ended June 30, 2025 compared to the six months ended June 30, 2024, primarily due to a \$0.3 million credit recovery settlement received in bankruptcy proceedings related to a note receivable in the six months ended June 30, 2024. Additionally, depreciation and amortization costs decreased by \$1.1 million or 14.7% for the six months ended June 30, 2025, primarily as a result of asset retirements in conjunction with the restructuring plan.

***Other Income (Expense)***

Other income was \$1.0 million for the six months ended June 30, 2025 compared to \$1.3 million for the six months ended June 30, 2024, a decrease of \$0.3 million or 26.5%. The decrease in other income was primarily attributable to decreased investment income on our marketable securities.

## Use of Non-GAAP Financial Information

The following non-GAAP financial measures of EBITDA and Adjusted EBITDA are not in accordance with, or an alternative for, generally accepted accounting principles ("GAAP") and should be considered in addition to, and not as a substitute for, the most directly comparable GAAP financial measures. We believe these non-GAAP financial measures, when used in conjunction with their most directly comparable GAAP financial measures, net income (loss), provide meaningful supplemental information to both management and investors, facilitating the evaluation of performance across reporting periods, identify trends affecting our business, and project future performance. Management uses these non-GAAP financial measures for internal planning and reporting purposes, and we believe that these non-GAAP financial measures may be useful to investors in their assessment of our operating performance, our ability to generate cash, and valuation. In addition, these non-GAAP financial measures address questions routinely received from analysts and investors and, in order to ensure that all investors have access to the same data, we have determined that it is appropriate to make this data available to all investors. These non-GAAP financial measures may be different from non-GAAP financial measures used by other companies.

### EBITDA and Adjusted EBITDA

EBITDA and Adjusted EBITDA are non-GAAP financial measures commonly used in our industry and should not be construed in isolation as substitutions to net income (loss) as indicators of operating performance or as alternatives to cash flow provided by operating activities as a measure of liquidity (each as determined in accordance with GAAP). GrowGeneration defines EBITDA as net income (loss) before interest income, interest expense, income tax expense, depreciation and amortization, and Adjusted EBITDA as further adjusted to exclude certain items such as stock-based compensation, impairment losses, restructuring and corporate rationalization costs, and other non-core or non-recurring expenses and to include income from our marketable securities as these investments are part of our operational business strategy and increase the cash available to us.

Set forth below is a reconciliation of EBITDA and Adjusted EBITDA to net loss (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024
Net loss	\$ (4,811)	\$ (5,896)	\$ (14,188)	\$ (14,733)

<sup>(1)</sup> Consists primarily of expenditures related to the activity of store and distribution consolidation, one-time severances outside of the restructuring plan announced July 2024, and other non-core or non-recurring expenses

## LIQUIDITY AND CAPITAL RESOURCES

### Overview

As of June 30, 2025, we had working capital of \$81.7 million compared to working capital of \$88.9 million as of December 31, 2024, a decrease of \$7.2 million. The decrease in working capital from December 31, 2024 to June 30, 2025 was due primarily to a net decrease in cash, cash equivalents, and marketable securities as a result of net cash used in operating activities.

As of June 30, 2025, we had cash, cash equivalents, and marketable securities of \$48.7 million. Currently, we are not aware of any extraordinary demands, commitments, or uncertainties that would materially reduce our current working capital. Our material future cash requirements from contractual and other obligations relate primarily to our operating leases. Refer to Note 8, Leases, of the Condensed Consolidated Financial Statements for additional information regarding leases.

On June 6, 2025, we purchased substantially all of the assets of Viagrow, a domestic supplier of gardening and hydroponic equipment. The total consideration for the purchase of Viagrow was \$1.2 million, including \$1.0 million cash paid and \$0.1 million common stock issued on the date of acquisition, with certain additional amounts to be paid in future periods. Refer to Note 12, Acquisitions, of our Notes to Unaudited Condensed Consolidated Financial Statements in this report for additional information regarding the Viagrow acquisition.

We may need additional financing through equity offerings and/or debt financings in the future to continue to expand our business consistent with our growth strategies. However, management believes that the Company is adequately funded to support current and future operations in the next twelve months. To date we have financed our operations through the issuance of common stock, convertible notes, and warrants, as well as cash generated from operations.

### Cash Flows

The following discussion sets forth the major sources and uses of cash for the six months ended June 30, 2025 and 2024.

#### *Operating Activities*

Net cash and cash equivalents used in operating activities for the six months ended June 30, 2025 was \$6.8 million compared to net cash used in operating activities of \$4.0 million for the six months ended June 30, 2024. The changes in operating cash were primarily driven by changes in gross profit and operating expenses, excluding non-cash changes such as share-based compensation and depreciation and amortization, as previously discussed in the Results of Operations section as well as changes in working capital due to timing as well as store consolidations and the effects of the strategic restructuring plan.

#### *Investing Activities*

Net cash and cash equivalents provided by investing activities for the six months ended June 30, 2025 was \$2.7 million compared to net cash provided by investing activities of \$6.2 million for the six months ended June 30, 2024. Investing activities for the six months ended June 30, 2025 were primarily attributable to investment of excess cash into marketable securities of \$19.0 million and \$1.0 million of cash paid for the Viagrow acquisition, offset by maturity of marketable securities of \$23.0 million. Investing activities for the six months ended June 30, 2024 were primarily attributable to investment of excess cash into marketable securities of \$28.0 million and purchases of property and equipment of \$1.4 million, offset by maturity of marketable securities of \$35.6 million.

#### *Financing Activities*

Net cash and cash equivalents used in financing activities was \$0.1 million for the six months ended June 30, 2025 and was attributable to common stock withheld for employee payroll taxes. Net cash and cash equivalents used in financing activities for the for the six months ended June 30, 2024 was \$4.3 million and was primarily attributable to common stock repurchased under our share repurchase program..

### Critical Accounting Policies, Judgements, and Estimates

For a summary of the Company's critical accounting policies, judgements, and estimates, please refer to Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2024.

## **Off Balance-Sheet Arrangements**

We do not have any off-balance sheet arrangements (as that term is defined in Item 303 of Regulation S-K) that are reasonably likely to have a current or future material effect on our financial condition, revenue or expenses, results of operations, liquidity, capital expenditures, or capital resources.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

For a summary of the Company's quantitative and qualitative disclosures about market risk, please refer to Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2024.

## **ITEM 4. CONTROLS AND PROCEDURES**

### Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) are controls and other procedures designed to ensure that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

Because of its inherent limitations, internal control over financial reporting is not intended to provide absolute assurance that a misstatement of the Company's Consolidated Financial Statements would be prevented or detected. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis.

As of June 30, 2025, an evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) of the Exchange Act). Management concluded that as of June 30, 2025, our disclosure controls and procedures were not effective because of the material weakness in our internal control over financial reporting identified by management as of December 31, 2024 as described below. Management does not believe that this material weakness resulted in material misstatements as of June 30, 2025, the material weakness creates a reasonable possibility that a material misstatement of account balances or disclosures in annual or interim consolidated financial statements may not be prevented or detected in a timely manner.

### Material Weakness in Internal Control over Financial Reporting - Storage Solutions Segment

Due to segregation of duties conflicts and the lack of precise manual monitoring controls over the system data, we did not maintain effective internal control over financial reporting within a separate enterprise resource planning ("ERP") system, Navision, used exclusively for our Storage Solutions segment, branded as "MMI." As such, information derived from the system could not be relied upon, resulting in management's inability to assess control activities at a precision level to reasonably prevent or detect errors.

#### Plan to Remediate Material Weakness in Internal Control over Financial Reporting - MMI

The Company, with oversight by the Audit Committee of the Board, is actively developing and implementing a comprehensive remediation plan that will include the following initiatives:

- Transition MMI off the Navision system and onto NetSuite, our integrated ERP and general ledger system used by all our other business channels.
- Remove administrative capabilities within the ERP system from operational roles.
- Perform segregation of duties analysis over new integrated users and roles within NetSuite.
- Consolidate our enterprise-wide shared service processes with the migration of the MMI business's accounts payable and accounts receivable functions onto the NetSuite system.
- Develop and/or enhance information technology general and application controls and business process controls specific to MMI.

#### **Changes in Internal Control Over Financial Reporting**

There were no changes in our internal control over financial reporting, except for the continued implementation of the remediation plan to address the material weakness discussed above, during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
